**THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.**

**SUBJECT:**

[DOCKET NO. 2017-99-E](#) - Request of Tom Clements for an Emergency Hearing Regarding South Carolina Electric & Gas Company's Nuclear Construction Project and Westinghouse Bankruptcy Impacts – Staff Presents for Commission Consideration Tom Clements' Request for an Emergency Hearing Regarding South Carolina Electric & Gas Company's Nuclear Construction Project and Westinghouse Bankruptcy Impacts.

**COMMISSION ACTION:**

Move that we dismiss the request for an emergency hearing in Docket No. 2017-99-E. Notwithstanding that this Commission does not have the authority to order an emergency hearing before the full Commission of the type requested by Mr. Clements, I think the actions that the Commission have taken were responsive to Mr. Clements' request. At its core, Mr. Clements' petition is requesting information regarding the financial position of the nuclear project at V.C Summer, as affected by the bankruptcy filings of Westinghouse. Apart from this petition, SCE&G asked for and was granted permission to present an Allowable Ex Parte Briefing to the Commission and the public. To the extent that information regarding the financial position of the project, as affected by the bankruptcy filing of Westinghouse, was known by SCE&G, that information was given to the Commission and the public at the Allowable Ex Parte Briefing. These are, however, complex and developing matters. Mr. Chairman, I would point out that SCE&G President Marsh committed that the company would present a follow-up Allowable Ex Parte Briefing when the interim report is completed. For those reasons, the concerns raised in the petition in Docket 2017-99-E have been addressed at this point as fully as possible and, therefore, I move that we dismiss the request.
